M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet, it not only acts upon the organs of the chest, but the whole nervous system feels influence It moves along on the nerves and thus finds its way to the liver, lungs stomach and brain imparting increased activity and energy to the organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaint Also headache, agues, consumption and spinal diseases.

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health, having the full use of every function of the body.

It is this power which enables the ointment to sweep off all cutaneous eruptions, skin diseases of every nature, also to subdue all inflammations, fevers and all bowel complaints—in short by keeping the pores of the skin open and restoring health and nervous energy to all the organs of the body

PORTSMOUTH April 8, 1848

Mr James McAlister—Dear Sir —Having purchased a few bottles of your Hair Oil last summer, I persuaded my sister, who had lost her hair from some disease of the head, to try it She had used Bogle's Hyperion Fluid and several other articles recommended for the hair, without any beneficial results but after having made use of your Hair Oil a short time, the hair began to make its appearance and she has now a fine head of hair

Respectfully yours,

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

Of SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle its FULL STRENGTH and power without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six times Better Safer Surer, and Cheaper than all others *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world , and CURES all the Sickness, KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury " What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich, Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful, Strength wasting Appetite gone Pulse weak, or Feverish, Skin yellow Nerves deranged it restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses the public justly style it the

Master Remedy of the Age!

The great secret of all its triumph and success over all other Sarsaparillas is, that it does not tamper with the patient or prolong his sufferings, but it first attacks the disease and stops it then it removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter, or hatch on the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors**, and Physicians always prefer it for the sake of its Superiority Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought because it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail But this Sarsaparilla has the **SPECIAL** ability to cure every Disease Affection, or Pain, which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

COMPOUND SYRUP OF

Sarsaparilla and Pipsissewa,

....*Prepared only by*....

ALBERT EMERSON,

DRUGGIST AND APOTHECARY,

Apothecaries' Hall, 4 Smith's Block,

BANGOR.

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as *Scrofula, Salt Rheum Syphilitic and Mercurial Diseases, Ulcerous Sores Pimples, and Diseases of the Skin generally* This Syrup is highly approved by the Medical Faculty and is recommended as an internal remedy only, for the purpose of an alterative, or as some would express the same thing, to purify and renovate the system in all long standing diseases, where the fluids of the body have become vitiated

Pipsissewa, (the *Chimaphila Umbelata, or Pyrola Umbelata* as is variously called by Botanists,) was first employed medicinally by the Aborigines of America, and was first introduced to the notice of the medical profession in 1803 by the late eminent Physician Dr S L Mitchell of New York Dr Peters of London, says that it is an alterative in Scrofula and other chronic diseases—it is generally supposed to possess almost specific powers", and Dr Paris of London speaks of a practitioner, who relies wholly for success upon Pipsissewa, "by which he is enabled to cure Scrofula, in its worst forms"

When taken into the stomach it acts as a tonic producing an agreeable sensation, and assisting the appetite and digestive process it promotes the action of the secreting organs more especially the Kidneys, over which, indeed, it appears to exercise a specific power In order to insure essentially the benefit derived from Sarsaparilla, we have most judiciously combined the Pipsissewa with it so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

NEW AND

Important Discovery

GRAY HAIR can be restored to its original color who has Auburn Brown or Black only, Light or Red Hair can be matched with any darker shade, surpassing in beauty even the most natural looks, restoring the glossy softness of thin or grisly Hair, by using D. M. Ballard's

Permanent Liquid Hair Dye,

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public It is *free from all injurious properties which can be tested by* putting a piece of the finest and most delicate Hair of an infant once colored with the Dye which *will not impair the gloss* or its texture in the slightest degree which is the best evidence that can be given that it is not injurious On the contrary it *renews the lustre of the Hair*, promotes its growth and prevents it from falling out and unlike other preparations (after the Hair is colored and dry) will not rub, fade, or wash out

In short, from its peculiar delicacy, softness, and easy application it is worthy the attention of all who may wish to improve the color of their Hair as it will make any shade, from a white to a jet black It is now used to an unaccountable extent, by persons who have prematurely turned gray, and others whose Hair is of an undesirable color, which they restore or exchange for a beautiful Auburn, Brown or Black, with out any additional preparation or the slightest trouble

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective

The Dock, or rather a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract most to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofulous Erysipelas, Ulcerous affections Eruptions and Mercurial diseases Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor became familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known

WHIG NOMINATIONS.

FOR PRESIDENT

ZACHARY TAYLOR.

FOR VICE PRESIDENT

MILLARD FILLMORE.

"For my part, in the dark and troubled night that is upon us, I see no star above the horizon promising light to guide us, but the intelligent, patriotic, united Whig Party of the United States."
DANIEL WEBSTER.

"If Gen. TAYLOR is elected he will do more to curb the Spirit of Conquest, and check the Spread of Slavery than any other man the Whigs can elect." JOHN Q. ADAMS.

The Election

We give returns from 344 towns in the State in which we find a plurality against Dana, the [illegible] candidate for Governor, of 4271 votes—Dana's election by a "triumphant" majority, was claimed by the Portland Argus, just after the election, so that the L[illegible] party is not alone as we [illegible] expected to by some five or six thousand votes!

The election settles the question, we think, that the [illegible] of the State can be carried for Zachary Taylor. To this result every man opposed to the destructive tendencies of L[illegible] should apply himself.

☞ The locofoco papers which support Cass for the Presidency are very free to denounce all of the party who will not follow their lead as Traitors. The number thus denounced is so large and so respectable that by and by it will become a mark of honor for a democrat to belong to the traitor side. It is the essence of their ridiculous bias to denounce men for an honest difference of opinion, and for daring to be independent of party requirements, particularly when that party, by relying upon its strength, undertakes to foist men into office.

☞ Gen Dix, the Barnburners Free Soil candidate for Governor of New York, voted for the annexation of Texas (and thereby brought on the war with Mexico) when one vote would have kept Texas Slavery and all, out of the Union. It is thus, says the Express, the Barnburners show their respect for free soil, and their appreciation of public services, and on the principle, we suppose, of loving one's enemies and doing good to them which despitefully use you.

☞ Parker Pillsbury and Mr Buffum, from Lynn, Mass. have been delivering anti-slavery lectures in this city. Mr Pillsbury gave Mr Van Buren a graphic setting out—it was anything but a Freedom suit. ☞ Vice President Dallas, (the first example of the kind, we think) is making political harangues and presiding at party meetings, in Philadelphia. Unless such gross perversion of office station is rebuked we may expect to see the Head of the Government not only using all its resources for party purposes, but stumping it through the country.

☞ Jeremiah Fenno Esq., of the firm of Fenno & Hale, is the Bangor agent for "The Prisoners Friend," published and edited by Rev Charles Spear. This is a work which meets the approval of those benevolent people who wish to see all punishment made reformatory, and is all friends of the reformation of criminals.

One of its great aims is to prevent crime by its making the highest motives to virtue and by giving the mind a bias towards the useful and the pure.

The Friend is now published monthly in a handsome pamphlet a $2 00 a year.

☞ Mr C S Low, of Frankfort, is engaged in putting into the market a Metallic Lustre for polishing metals which is highly approved. It is a mineral of his own discovery, is put up in neat packages and is a real comfort to housekeepers and almost indispensable in many of the manufacturing establishments.

The Letter of Gen. Taylor.

[From the New Orleans Picayune, Sept 4.]

The following letter has been prepared by General Taylor to correct any misconception which might possibly be produced by the recent publication of extracts from his private correspondence, and the appearance over his signature of replies to single and detached questions relative to his position before the public. The letter is a connected narrative of the series of circumstances which resulted in his becoming a candidate. It presents in a compact form, all the matters bearing upon the subject and exhibits Gen Taylor in his proper character—true to himself, to his friends, and to his country.—

EAST PASCAGOULA, Sept 4, 1848

DEAR SIR—On the 22d day of May last, I addressed you a letter, explaining my views in regard to various matters of public policy, lest my fellow citizens might be misled by the many contradictory and conflicting statements in respect to them, which appeared in the journals of the day and were circulated through all the country. I now find myself misrepresented and misunderstood upon another point of such importance to myself personally, if not to the country at large, as to claim from me a candid and correct exposition of my relations to the public, in regard to the pending presidential canvass.

The utmost ingenuity has been expended upon several letters and detached sentences of letters, which have recently appeared over my signature to show that I occupy an equivocal attitude towards the various parties into which the people are divided, and especially towards the Whig party as represented by the National Convention which assembled in Philadelphia in June last. Had those letters and scraps of letters been published or construed in connection with what I have heretofore said upon this subject, I should not now have to complain of the speed with which my answers to isolated questions have been given up to the captious criticism of those who have been made my opponents by a nomination which has been tendered to me without solicitation or arrangement of mine, or of the manner in which select passages in some of my letters written in the freedom and ease of a private and confidential correspondence, have been communicated to the public press. But, even in such context, and separated from a series of explanatory facts and circumstances, which are, so far as they are concerned, historical, they are as deceptive as though they were positively fabrications. I address you this letter to correct the injustice that has been done me, and the public to the extent that I am an object of interest to them, by this illiberal process.

I shall not weary you by an elaborate recital of every incident connected with the first use of my name as a candidate for the Presidency. I was then at the head of the American army in the valley of the Rio Grande. I was surrounded by Whigs and democrats who had stood by me in the trying hours of my life, and whom it was my destiny to conduct through scenes of still greater trial. My duty to the army and to the Republic, whose battles we were waging, forbade me assuming a position of seeming hostility to any portion of the brave men under my command—all of whom knew I was a Whig in principle, for I made no concealments of my political sentiments or predilections.

Such had been the violence of party struggles during our late Presidential elections that the acceptance of a nomination under the various interpretations given to the obligations of a candidate presented to the public with a formulary of political principles, was equivalent almost to a declaration of uncompromising enmity to all who did not subscribe to its tenets. I was unwilling to hazard the effect of relationship to [illegible] soldiers under my command [illegible] in front of an enemy [illegible] it would have been unjust in itself, and it was as repugnant to my own feelings as it was to my duty. I wanted unity in the army, and forbore any act that might sow the seeds of distrust and discord in its ranks. I have not my letters with [illegible] [illegible] import, and in conformity with the views there in expressed.

Meanwhile I was solicited by my personal friends and by strangers by Whigs and by democrats, to consent to become a candidate. I was nominated by the people in primary assemblages—by Whigs, democrats and natives in separate and mixed meetings. I resisted them all, and continued to resist, until I had to believe that my position assuming the aspect of a defiance of the popular wishes. I yielded only when it looked like presumption to resist longer, and even I should not have done so had not the nomination been presented to me in a form unlikely to awaken acrimony or reproduce the bitterness of [illegible] [illegible] [illegible] collections. I say it in sincerity and truth that part of the inducement to my consent was the hope that by going into the canvass it would be conducted with candor and with kindness. It has been no fault of mine that this anticipation has proved a vain one.

After I permitted myself to be announced for the Presidency under the circumstances above noted, I accepted nominations after nomination in the spirit in which they were tendered—They were made irrespective of parties and so acknowledged. No one who joined in those nominations could have been deceived as to my political views. From the beginning I knew I have declared myself to be a Whig on all proper occasions. With this distinct avowal published to the world I did not think that I had a right to repel nominations from political opponents any more than I had a right to refuse the vote of a Democrat at the polls, and I proclaimed it abroad that I should not reject the proffered support of any body of my fellow citizens. This was my position when in November last I returned to the United States, long before either of the great divisions of the people had held a national convention, and when it was thought doubtful if one of them would hold any.

Matters stood in this attitude till spring, when there were so many statements in circulation concerning my views upon questions of national policy, that I felt constrained to correct the errors into which the public mind was falling by a more explicit enunciation of principles, which I did in my letter to you in April last—that letter and the facts which I have detailed as briefly as a proper understanding of them would permit developed my whole position in relation to the Presidency, at the time.

The democratic convention met in May and composed their ticket to suit them. This they had a right to do. The National Whig Convention met in June and selected me as their candidate. I accepted the nomination with gratitude and with pride. I was proud of the confidence of such a body of men representing such a constituency as the Whig party of the United States, a manifestation the more grateful because it was not coupled with exactions incompatible with the dignity of the Presidential office, and the responsibility of its incumbent to the Whig people of the nation. And I may add that these emotions were increased by associating my name with that of the distinguished citizen of New York, whose acknowledged abilities and sound conservative opinions might have justly entitled him to the first place on the ticket.

The convention adopted me as they found me—a Whig—decided but not ultra in my opinions, and I would be without excuse if I were to shift the relationships which subsisted at the time. They took me with the declaration of principles I had published to the world, and I would be without defence if I were to say or do anything to impair the force of the declaration.

I have said that I would accept a nomination from democrats, but in so doing I would not abate one jot or tittle of my opinions as written down. Such a nomination, as indicating a coincidence of opinion on the part of those making it, should not be regarded with disfavor by those who think with me; as a compliment personal to myself, it should not be expected that I would repulse them with insult. I shall not modify my views to entice them to my side; I shall not reject their aid when they join my friends voluntarily.

I have said I was not a party candidate, nor am I in that straightened and sectarian sense which would prevent my being the President of the whole people in case of my election. I did not regard myself as one before the convention met, and that body did not seek to make me different from what I was. They did not fetter me down to a series of pledges which were to be an iron rule of action in all, and in despite of all the contingencies that might arise in the course of a presidential term. I am not engaged to lay violent hands indiscriminately upon public officers, good or bad, who may differ in opinion with me. I am not expected to force Congress, by the coercion of the veto, to pass laws to suit me or pass none. This is what I mean by not being a party candidate.—And I understand this is good Whig doctrine—I would not be a partisan President, and hence should not be a party candidate in the sense that would make one. This is the sum and substance of my meaning, and this is the purport of the facts and circumstances attending my nomination, when I considered in their connection with, and dependence upon, one another.

I refer all persons, who are anxious on the subject, to this statement, for the proper understanding of my position towards the Presidency and the people. If it is not intelligible, I can not make it so and shall cease to attempt it.

In taking leave of the subject, I have only to add that my two letters to you embrace all the topics I design to speak of pending this canvass. If I am elected, I shall do all that an honest man may effect to cement the bonds of our Union, and establish the happiness of my countrymen upon an enduring basis.

Z TAYLOR

The Principles of Physiology.

Mr Clapp at his Phrenological rooms, has for sale a very valuable work on the principles of Physiology applied to the preservation of health, and to the improvement of physical and mental education, by Professor Andrew Combe with notes and observations by O S Fowler, the well known practical Phrenologist.

This is a work which will do good to those who study it and heed its teachings.

Notwithstanding all that has been done within a few years to enlighten the mass of the community upon the subject of Physiology—the laws of their physical and mental life—there is yet much absolute ignorance upon the subject even among intelligent people. They pine, and sicken, and die or at best but enjoy very partially the blessings of sound minds and sound bodies and all for the want of a little knowledge of themselves and the few simple rules which this work so aptly unfolds.

We cannot do better than to recommend to our people to call upon Mr Clapp and purchase this work. It will afford them pleasant and useful reading, and give them instruction of great value upon the all important subject of human life and mental growth.

Fourth District.

The Bath Tribune speaking of the election for Congress in that district tells the following creditable story:—

"We give below the returns for member of Congress in this District, as far as we have received. There may be some trifling mistakes in them, but none of importance. It will be seen that Mr M'Crate has met with an overwhelming defeat and that Mr Goodenow is elected without doubt. We think that the latter will have a majority over all, and at least a thousand plurality over M'Crate in the District. This may be considered a victory of the masses over the office holders, for we do not claim it as a mere party victory, although the Whigs have fought nobly. It was won by the assistance of honest Democrats whose independence of character would not allow them to submit [illegible] corrupt leaders."

☞ The Massachusetts Whig State Convention have put forth a noble address to the people upon the subject of the Presidential election. We shall endeavor to give copious extracts in future papers.

☞ Holden's Magazine for September has been received, and is an excellent number.—This work furnishes a large amount of reading together with a great variety of illustrations for the small sum of one dollar a year.

☞ The Oat and the Corn crops in this county will be very good. The wheat crop rather light. The hay crop was rich. The potato crop will be small on account of the rot—perhaps a third of a crop.

CHARLES.

The following lines were written by a young lady, but not intended for publication. We give them publicity as some relief to an afflicted heart, and for the gratification of the friends of the gentle, truthful, hopeful one whose recent departure from his earthly home we deeply mourn.—Ed.

He has gone—the bright the joyous one,
His gentle spirit fled,
And in the cold and silent dust
The beauteous casket laid.

He was a bud too pure, too bright,
For earth's unkindly air,
Heaven is its home—'twill sweetly bloom,
Beneath a Saviour's care.

He was the light of many an eye,
The pride of many a heart,
Which death has dimm'd and sorely pierced
With his unpitying dart.

We would not mourn that he is blest,
Nor even wish him here,
But we may *weep*—(the Saviour wept)
The sorrow soothing tear.

M

Charley.

Methinks I see thy sweet young face,
Thy softly beaming eye,
And still I hear that silvery voice,
As an angel's whisper nigh,

Each rock and flower and shady nook,
Each shrub and wavey tree,
Each hill and path and murmuring brook
Tell some sweet tale of thee.

I see thee in the Sabbath school,
With quiet gentle mein,
And in each room and nook and tool,
Is thy fairy presence seen.

The vacant seat at the well spread board,
Makes flow the heart felt tear,
No more we hear that sweet voiced word
"*You family all are here*"

We may not call thee back sweet boy,
Though thy absence cause us pain,
Thou dwell at above mid peace and joy;
Our loss is sure thy gain.

M

Indiana

A tremendous meeting of the Whigs of Indiana was held at Fort Harrison on the 6th inst. A letter says:—

"Not less than twenty-five thousand were in council—some say more, but there were enough to show that the spirit of the State is aroused, and that the gallant soldier of the Rio Grand will be ably sustained by the Whig democracy of Indiana.

Missionary Anniversary.

Continued.

Boston, Sept 12, 1848.

Wednesday morning at 8 o'clock, the Central Church was filled with those assembled for prayer, in reference to the great object of Missions.

The Rev Dr Cox, of Brooklyn, presiding, said, when he thought of the business of every kind, *girdling this world*, he felt deeply the need of a Superintending Power, and of His favor toward us. We lived, he said, in an age of revolution and progress. The fifth great empire alluded to in prophecy—the universal monarchy of the Prince of Peace—was rising and extending. We want no other. And our sure confidence of its progress and triumph was, not in the wisdom of the "Missionary Rooms,"—however highly appreciated,—but in the conviction that the Master was at the helm, whose right it was to reign. To Him let us pray.

The devotions were led by Dr Barnes, of Philadelphia, Dr Patton, of New York, Dr Humphrey, of Pittsfield, and Dr Hawes, of Hartford.

In the course of these services, Dr Cox remarked as a matter of devout gratitude and encouragement, that distinct lands and various denominations were here represented. The Reformed Dutch, and the German Reformed Churches of the Middle States as well as other denominations cooperate in this Board. By mingling at the same Throne, and uniting in counsel and effort, our hearts, he said, become assimilated, as well as divinely ennobled.

It was not wonderful, that, in this world of discipline and preparation for a better, we encountered some difficulties. They were for our good. They drove us to a throne of infinite wisdom, whence we were most likely to be profited, as well as aided in our work, and this work, thus pursued in the strength of Omnipotence, was sure to triumph.

At half past 9 the Board again met, in connection with a crowded assembly, at the Tremont Temple. The Hon Mr Frelinghuysen presiding. After prayer, Rev Mr Treat, one of the Secretaries, read a able report of his late visit to the Cherokee and Choctaw tribes.

Mr Treat gave some account of the origin, character and extent of slavery among the Cherokees, Chickasaws and Choctaws. He found that slavery existed more widely in those tribes than the Board had supposed—there being somewhere between seven and fifteen hundred among the Cherokees, and two thousand among the Choctaws and Chickasaws, who are now united under one government. Slaves there are more nearly on a footing with their masters, than in the Southern States, though their condition among a semi barbarous people was of course, less advantageous.

The laws of these nations forbid their being taught to read and write, and forbid their owning horses, swine, or land, or carrying fire arms.

Rev Dr Worcester, (Recording Secretary,) read a letter from the Choctaw Mission, justifying the course of the missionaries in reference to this subject. They said they had never purchased slaves except for the purpose of emancipation—they were compelled to employ slave labor, as they had failed to receive a competent supply or assistants from the North, without such aid, they should fail to accomplish the objects for which they had left their homes and their friends to become missionaries. They had wished to preserve a strict neutrality in reference to all exciting subjects. They found slavery there when the mission was first established—it was a civil institution, and as such, they had no concern with it. They were not citizens, and were liable at any time to be expelled from the country. Our Savior and his Apostles (they said,) did not interfere with this dreadful evil of slavery, and they were satisfied to follow such example. God, only, could devise the means of its extinction, and they felt they were sent there to preach the Gospel, and they believed it to be their duty to apply themselves to this work, and leave the truth to work upon the hearts of the masters, till they should be [illegible].

Mr Treat then read a reply that had been sent to the Mission, from which it appeared that the Prudential Committee dissent, from some sentiments contained in the letter from the Choctaw Mission. They enquire of the missionaries, if they may not be liable to mistaken views, from their long connection with the system.

The committee disclaim all control of the Mission churches. These, like churches here, legislate for themselves—though there might be circumstances which would justify the withdrawal of their support, as well as deemed counsel. Neither would they desire the Missionaries to exercise, as pastors, any other authority in the churches which they gather than pastors do in this country. Their object was to form Christian churches that might legislate for themselves and acquire that independence, as well as purity, which would enable them to exert an influence upon the surrounding community. They do not intend to infringe upon the rights of their Missionaries, as ordained Ministers of the Gospel, approved for their wisdom and piety, in the churches considering themselves to them [illegible].

Yet the Committee approve the decision of the Board at Brooklyn, in reference to slavery, and deprecate the *system* as everywhere sinful; though slave-holding, may not be necessarily, in every supposable case, sinful. It was not, where the sole object was the good of the slave. The master may be mistaken and at the same time conscientious, as the dealers in ardent spirit were in New England a few years ago.

But they feared slaveholding generally resulted from selfishness, and not from benevolent regard to the slave. The comprehensive command of the Saviour, "Whatsoever ye would that men should do to you, &c, if obeyed universally would soon put an end to this system and all its attendant evils. And the Choctaw Mission was now old enough, and the churches strong enough to be willing to meet and settle this subject. The Committee never intended to sanction slave labor in their boarding schools, and would instruct their Missionaries to obtain a release from their contract with the government to sustain these schools fifteen years longer, unless it could be done without slave labor.

WISTAR'S BALSAM AT THE SOUTH

One of our agents at Athens, Georgia has sent us the following letter, with a request to publish the same.

TRUTH IS MIGHTY AND WILL PREVAIL.

Mr A Alexander—Dear Sir—Having been afflicted for more than ten months with a chronic inflammation of the Lungs—at times very severely—and having adopted many medicines without any but temporary relief—I purchased about three bottles of Wistar's Balsam of Wild Cherry, from the effects of which I obtained more relief than from all the medicines I had ever taken for this distressing disorder. I have by the repeated use of this valuable Balsam been more free from pressure for breath and oppression on the lungs than I had anticipated, and, indeed, conceive that I will be cured by continuing the use of this most disheartening malady. I do most cheerfully tender you this acknowledgement, which you will use as your judgment dictates. RODNEY BURKE.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best *SPRING AND SUMMER MEDICINES* ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood;* a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past five years, more than [illegible] cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c. have been and can be cured.

SPITTING BLOOD

New York, April 28, 1847

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM RUSSELL, 65 Catherine st

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir, I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13 1847

Dr. Townsend—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon child birth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is it is always safe, and the most delicate use it most successfully; very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of richly and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of *nature*—not of *powder* or *soap.* If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females,* &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yrs respectfully,

ISAAC W CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

Certificate from Col. Tate, editor of the Columbia Democrat, Pa.

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg, Columbia Co., Pa.,
March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence, I have seldom resorted to the Pill box. Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family gave them a decided preference over every other preparation.

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills. By taking from four to six on going to bed when indisposed, I have always been restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient, and in my case, without producing even sickness at the stomach.

Respectfully, your friend, &c
LEVI L. TATE

[From the Delaware Express, Delhi, N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills. We had an opportunity on one or two occasions to test their efficacy [illegible] medicine, one or two will be found mild though effective. Where bile or other impurities have accumulated and more thorough medicine is required, a dose, will be found of four of these pills, taken on going to bed, effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak [illegible] please in commending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble, in outer appearance, the original article. The safest course is to purchase from the agents only, one or more of whom will be found in every town and county in the State.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analagous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office, No. 55 Union street, Boston, at $5 per box, where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

PRIAM OF TROY

AIR TIGHT

COOKING STOVE,

IMPROVED FOR 1848.

Combination of the greatest improvements of the age—Four sizes.

THIS Stove commends itself to the attention of Ladies and Gentlemen who are interested in combining *Economy and Convenience* with their Domestic Affairs. As all have passed the ordeal of some Cooking Apparatus to make it palatable or proper for use, it is very important that every family should possess the Best Apparatus for this purpose and which at the same time shall consume the *least amount* of Fuel or incur the *least expense.* The

PRIAM OF TROY IS THE STOVE,

for it has a very LARGE OVEN probably as large as in any (equal size) Stove ever offered to the public, which is heated quickly and perfectly even by means of Deep Hollow Grooves, in the back and bottom of the Oven, exposing from *three to four hundred* square inches more surface to the Oven than can be done by a plain surface. Consequently a very Small amount of fuel being arranged in this Air Tight Stove, and applied to the Oven, renders it one of the *BEST BAKING OVENS* to be found in New England.

There is a Set of large Rims or Rings connected with the Stove so that our Farmers and all who wish to use large Brass or Iron Kettles, or any kind of old fashioned Ware, holding from one to ten pails, can do it at their pleasure. The whole Stove is regulated by means of ONE DAMPER, is neat in its appearance, and in fact is one of the *best Companions for the Kitchen* now in use, as those who now have them will testify.

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye; this is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering, as all the Dr. will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D has been very successful in the treatment of Colds, Coughs, Consumptions, and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Fits, Dysentary, all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, Gout Salt Rheum Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic doloreau, Hernia Abdominis, Weakness, Tooth ache, Intemperance, Stammering. Dr D warrants a cure of any of the above diseases, if applied to in season.

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 AM and from 2 to 9 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed will be strictly attended to.

MADAME DOUPEE,

Female Physician,

RESPECTFULLY informs the Ladies of Boston that she will attend to all cases of Female Diseases

Madame Doupee is well known in this country as a celebrated Female Physician from Paris. She has practiced in the city of New Orleans for ten years past with unparalleled success.

Madame Doupee attends only to the diseases of females. She is the widow of Dr Doupee of Paris, and uses the celebrated Pills known as Dr Doupee's Female Monthly Pills. These Pills have long been in use in Europe and the United States, and are well known by ladies to be the great regulator of the menses, having never been known to fail.

Madame Doupee cautions married ladies not to use these Pills during pregnancy.

Females laboring under various weaknesses peculiar to their sex, may consult Madame Doupee with the utmost confidence, being sure of relief and a positive cure. The strictest secrecy observed in all cases. Price of the Pills $2,30 a box, and a cure warranted in all cases. All communications (post paid) with a fee enclosed, will be promptly attended to.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION!*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world.

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be used.

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption.

IMPORTANT MEDICAL TESTIMONY.

DR. BRADLEE—Dear Sir. The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family and in my professional practice for more than two years with the most uniform and entire success, in cases of *severe Pulmonary disease,* and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted. Yours respectfully,

FREDERIC T. STORER, M. D

Saco, Me., May 22, 1846.

Reliable Evidence of the Efficacy of
BUCHAN'S HUNGARIAN BALSAM.

[From the Christian Freeman.

While we repudiate quackery, we are always pleased to give credit for that which is truly useful, and to give information which may benefit others. A few days ago a brother Bloom, from Norway, Me., came into our office in comfortable health, whom we did not expect to see again on earth. We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed, and could not probably continue but a short time. Judge then of our surprise when we saw him enter our office. He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs. But he is in comfortable health. The following letter which he addressed to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work.

Boston, Feb 16, 1847

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life." Here is a plain statement of facts in relation to my case, and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful.

My residence is Norway, Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since. During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases but could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as Providence would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time.

HEAVE CURE!!!

Which has been used with such astonishing effect in France and England for the last twenty years is now and has been for the last two years performing the most wonderful cures ever on record in this Country. More than

- [illegible] cases of Heaves,
- 2400 cases of Chronic Coughs and Colds;
- 1400 cases of Catarrh and Nasal Gleet
- 1500 cases of Affection of Bronchial Tubes and Glands,
- 500 cases of Thick and Broken Wind, and
- 800 cases of inflammation of the lungs,

Have been cured by this extraordinary remedy, since its introduction in the United States. The following is one of the hundreds of certificates in our possession, proving its Universal efficacy.

New Scotland, Albany Co. N. Y.,
February 17th, 1848

Messrs. FORD & GRANT. Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly affected.

I, hereby certify that one of my best horses in the winter of 1846-7, became affected with the heaves in the most aggravated form—which I allowed to run beyond three and four months, without doing anything for him. Having heard of the unparalleled popularity of "Dillow's Heave Cure" I purchased three papers of it, gave it to him, and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier

BOSTON, January 9th 1848

Mess'rs Ford & Grant. Gentlemen—At the request of your Agents here, I send you my opinion of your celebrated Dillow's Heave Cure. As an *Universal Condition Medicine,* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, parotid and submaxillary glands and the lungs, and also from its great and alterative properties I recommend it to be the best medicine extant, for cases of Farcy, Surfeit, Chest-Founder, Dropsy of the Skin and Chest, Fever, Pleurisy, Jaundice, Hide Bound Inflammation of the Kidneys and Mange. I conceive it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse-owning public, to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season or time of changing the hair, which takes place during the most inclement seasons in the whole year; at which time, if the horse is exposed and neglected, the pores of the skin close up, and the circulation of the fluids cease. If left in that condition, Disease in some form must ensue. It is at this time that I consider your *Invaluable Powder* indispensable, as it operates upon the pores and Glands of the skin, and causes the hair to fall off in due time, makes way for the new and imparts a fine and glossy appearance.

THOMAS JONES, Farrier,
No. 10 Ash Street.

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the U. States, has induced several persons to imitate and counterfeit it, and even go as far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "*Dillow's Heave Cure*" is the first article of the kind ever introduced into the United States, and we hereby offer the sum of *one thousand dollars* to any person who will prove to the contrary. Consequently all others must be imitations.

Timbey's Patent

Two Vent Cast Iron Water Wheels
—for—
SAW MILLS,
Invented by T. R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named Wheels which have been thoroughly tested in Competition with all other popular

SAW MILL WHEELS

in use at the present time, and they can safely recommend them, with the same head and quantity of water applied, as possessing in [illegible] *Strength and Speed* and giving a more [illegible] *Steady Motion* [illegible] not liable to break cranks [illegible] and *Saw more Lumber* under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with [illegible] for the discharge of water which makes [illegible] larger and allows the [illegible] without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere.

We would also call the attention of [illegible] and Operatives to

Valentine's Patent

Reversing Centrifugal Water Wheel

—FOR—

"UPRIGHT SHAFTS."

WHICH are adapted for driving [illegible] Machinery in Manufactories, Mills and are [illegible] to give any amount of power required. Their reputation these Wheels have acquired by the successful operation of several hundred [illegible] sold and in use we feel confident in [illegible] them as combining more advantages than any Wheel for perpendicular Shafts, now in use.

As evidence of the merits of this Wheel we would refer to the following extracts from a report of experiments made with the same by ITHAMAR A. BEARD, Esq., *Civil Engineer* of [illegible] Mass. who is well known as one of the most scientific and experienced practical Engineers in the country.

"This wheel is formed with curved floats the number depending upon the size and [illegible] of Wheel, each extending so far around the Wheel that when the water arrives at the [illegible] it is so far expended that it falls very [illegible] from the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume in which the water stands at its full head, the column being [illegible] by the stationary plate underneath the Wheel so that it has no downward pressure upon the Wheel which stands perfectly free in the [illegible] and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved, which in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water, and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water. But a Wheel with the gate rightly guaged for a high head will not answer for a low one, and vice versa, for as the head increases the width of the gate should be proportionally decreased, so that the water may not issue to waste and not give its best effect to the Wheel.

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels, and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless; is less liable to need repairs, easily accessible when they are needed, costs much less in the outlay, is much more durable and takes very much less room in a mill or shop. Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel.
